Magiline pools are more economical to maintain. Its filtration system is unique compared with other products in the market.

Unique Magiline swimming pools

HAVING a swimming pool in the home is not an extraordinary feature nowadays.

Among the international brands of swimming pools available in Malaysia is Magiline. Thanks to product innovations, professionalism and customer-oriented service, their custom-made pools are not only of high quality but affordable to install and maintain.

Piscines Magiline was founded in 1994, and since then its business has been growing steadily in France and across Europe. Today, Piscines Magiline is one of the market leaders of swimming pools in Europe.

Enthusiasm and innovation is the motivating force for Piscines Magiline staff.

Currently, they have more than 84 international patents filed and more than 40,000 pools in use, worldwide.

Their pools can accommodate any shape that is to be fitted inside or outside the house.

Magiline pools utilise the patented, modular structure

technique and come with a 10-year warranty. This adds value to the home and the pools are easy to install.

Magiline pools are more economical to maintain. Its filtration system is unique compared with other products in the market. It allows users to enjoy crystal clear water. Thanks to the Magiline filtration system, consumers will be able to save up to 30% of their electricity bill in comparison to a conventional pool. In addition, less chemical treatment is required.

Magiline revolutionises the swimming pool market and offers consumer a highly innovative pool that is unique in concept.
